Sponsored by DNV

Dear Friends and Colleagues,

With kind support of our sponsor DNV we cordially invite you to take part in the TOUR 2009 in Washington, DC / USA.

TOUR 2009 will travel over 5 continents and our team will stop in Washington, DC on 26-29 October 2009 especially to discuss the latest GAP trends and requirements for North America.

In preparing for the revision of the standard to be published in 2011 we are eager to listen to your experiences and collect your feedback on the implementation of GLOBALGAP.

We will also be presenting practical ways to help businesses across the value chain transit from pilot projects to mainstream GAP rollout, including traceability, pesticide use, microbiological safety of produce, Integrated Pest Management, National Technical Working Groups, Benchmarking and our tried and tested tools supporting small scale farmers. Use this unique opportunity to network with our key stakeholders from the US and world wide. **Register now for the Event in Washington, DC.**
